

# The Wise Virgins

1. Discuss the following questions together:

- What might the lamps and oil represent in the parable? (You could review Doctrine and Covenants 45:56–57 and the statement by President Russell M. Nelson in section 2 of the preparation material.)
- Why were five of the virgins described as wise?
- Why didn't the wise virgins share their oil with the foolish virgins?

2. Identify one or two examples of how we as members of the Church can choose to be like the wise virgins as we prepare for the Second Coming. Be prepared to share your examples with a group who discussed the foolish virgins.
