

## Unchanging Truths

Ashley Flake

### **VERSE 1:**

Intro - D

Em C G D x2

The world's in constant motion--there's change around us every day.

It's hard to keep enduring when nothing seems to stay the same.

You hear the news, you see the sadness, you feel the pain inside.

Despair and fear remain until you let hope fill your mind.

Pre-chorus - Dm D

### **CHORUS:**

C G Em D, C Em D D, C G Em D, C Em Dm D

You can find hope through the truths that don't change:

God is your Father. He knows you by name.

His Son gave it all for your sake.

His love never fails. It shows you the way.

Knowing these truths brings a hope so secure.

It keeps you anchored in life's storms.

Hope for a better world will carry you through.

Hold onto unchanging truths.

### **VERSE 2:**

Em

Em C G D x2

Change can make you feel alone, unknown, or broken in some way.

But Christ is by your side, and He says "it'll all be okay".

Trust those words and let God's light raise your sight above worldly cares.

Pray for peace and strength to carry what He'd have you bear.

Pre-chorus - Dm D

### **CHORUS**

### **BRIDGE:**

D C Em D x4

Despite all the change in the world, it's up to you what you choose to let in.

You decide between light and dark.

Fill yourself with the hope found from knowing that you matter to Him.

Choose to be still and know God.
