

## Mwen ka ede pitit Pè Selès la retounen al jwen Li (Jeremi 16:16).

Kolorye kat yo, koupe yo sou liy pwenyiye yo, epi bat yo. Bay tèt ou ak yon lòt moun 4 kat pou nou chak, epi plase lòt kat yo fas anba nan yon pil. Lè tou chak moun rive youn dwe mande lòt yon kat ki koresponn a sa moun ki ap mande a gen nan men l lan. Si moun yo te mande a pa gen kat ki koresponn nan, moun ki te mande l la ka pran kat ki anlè tèt pil la. Depi yon moun jwenn kat ki koresponn yo, li dwe mete yo sou tab la oswa atè a.
